

Dear Sir or Ma'am, I am writing to ask respectfully that you reject NAB's petition 04-160 and to please support XM radio's ability to provide Instant Traffic and Weather information. The constant updates and wx information have proved time and again invaluable in assisting motorists during traffic problems, and also to prepare for inclement weather situations. I personally have benefited from this service while travelling from state to state. Thank you for your time and consideration in this most important issue.

Thomas Scott
